

The 42nd Chinese Control Conference

July 24-26, 2023, Tianjin, China

Dear Mr. Xiang Chen,

First of all, we would like to express our sincere thanks to you for submitting your paper(s) to the 42nd Chinese Control Conference (CCC2023). The paper peer review process has now been concluded. It is our pleasure to inform that your paper, indicated below, has been accepted for presentation at and for publication in the proceedings of CCC2023. We invite you to present your paper at the Conference, to be held in Tianjin, China, July 24-26, 2023.

Paper ID: 2178

Title: Clock Synchronization Scheme for Integrated 5G and TSN Networks in Collaborative Manufacturing Systems

Author(s): Xiang Chen, Cailian Chen, Qimin Xu

This letter serves as the official acceptance of your paper as well as invitation to present your work at CCC2023.

You can log in “TCCT Conference Paper Management System” (<https://cms.amss.ac.cn>) with your PIN and password and then enter the author center of CCC2023 to view the review comments. Please revise your paper in light of the reviewers’ comments and the Associate Editor’s summary.

Please note that at least one of the authors is required to make the advance conference registration in order for you to upload the final manuscript, which must be completed by April 30, 2023. The instructions for final submissions and conference registration is available at <http://ccc2023en.nankai.edu.cn/Registration.htm>.

The Conference Final Announcement will be sent to you later, which will provide further information about the final program, conference venue, hotel, etc. Please visit the conference website <http://ccc2023en.nankai.edu.cn/> for further information.

Thanks again for your support to the Chinese Control Conference. We are looking forward to seeing you in Tianjin, China.

Should you have any additional questions, please feel free to contact the conference secretariat.

Sincerely yours,

Jianda HAN
